### overseas students teach you their cultures!

Overseas students and Kamanishi students deepened their international understanding and felt like they were much closer each other.

### volunteer activities

We have many activities; collecting bottle caps by the student council, collecting money by the public relations committee, collecting spoiled post card and 'Clean-road' campaign by more than 200 students, teachers and parents.

### study our community

In home economics, we invite Japanese confectionary a chef. In art class, we leaned botanical art in cooperation with Kamagaya city

### study in the community

We have internships, courses of job hunting and club activities in cooperation with our community. The track and field club participated in long distance relay in Matsudo city and Kashiwa city.

## school activities in the community

2015

### learning from latest disaster

We had a meeting, and reported the Tohoku earthquake disaster.

### eco project

Art club takes part in the candle-night to promote saving electricity, and the science club takes part in the project of growing sunflowers.

famous character KAMATAN

### eco salon opened

We ran the booth where people can make key chains of animals and plants related to Kamagaya.

### Helping handicapped people & nursing

All of our students experienced helping handicapped people, nursing, and wheelchairs.

reported in the papers!!
