Activities by Showa Students ■ Delivering student presentations on the themes of environment and gender equality. ■ Dividing into two groups to hold interactive discussions on each theme. ■ Creating group outputs for each topic and sharing them with all participants.
Results <i>(Educational outcomes, student development, and student feedback, etc.)</i>	■ Raising youth awareness of global issues and strengthening their commitment to action through presentations ■ Cultivating cultural inclusiveness and sensitivity by directly engaging with Japanese students and experiencing Japanese culture ■ Utilizing digital tools to facilitate the exchange of student perspectives, while archiving content to build a foundation for sustainable cultural sharing and collaboration -
Challenges & Solutions	Difficulty in coordinating schedules with the Japanese school - Due to our school's very short summer vacation in 2024 and conflicting exam schedules, it was inevitable that the online exchange had to be held in December.
Future Plans <i>(*Follow-up Schedule, Additional Exchange Measures)</i>	The online exchange program will continue in the 2025 academic year - It will be conducted in a more structured manner by adopting formats such as a Model United Nations (MUN).
