Results	<ul style="list-style-type: none"> <li>· By interacting with Korean students, we gained a better understanding of their culture and customs. We also experienced firsthand the similarities and differences between Japan and Korea.</li> <li>· We improved our ability to present and communicate information about Japanese culture and our school.</li> <li>· We learned about practical steps schools can take toward a sustainable society.</li> <li>· We enjoyed communicating through various languages—not just English, but also by learning Korean greetings and teaching Japanese to our counterparts.</li> </ul>
Challenges and how they were overcome	<ul style="list-style-type: none"> <li>· The preliminary meetings were challenging due to scheduling conflicts and occasional difficulties communicating effectively in English.</li> <li>· Although we used Zoom, we encountered technical issues on the day, such as connection failures and audio problems. We should have conducted a more thorough connection test in advance.</li> </ul>
Future plans and visions	We hope to continue engaging in exchange programs with various schools whenever the opportunity arises.
