Celebrating Call to Earth Day 2026 – Partnership with CNN

INVITATION

- UNESCO and CNN invite ASPnet schools to join **CNN's Call to Earth Day 2026**, an annual global day of environmental action, taking place on **Thursday, October 8**. This year's theme is "Think Blue," celebrating the vital role our oceans play in sustaining life on Earth and inspiring people around the world to take meaningful action to protect them.
- ASPnet schools are encouraged to take action by caring for the ocean, whether it's organizing a beach or river cleanup, creating ocean-themed artwork, reducing single-use plastics, restoring marine habitats, planting mangroves, educating students about conservation, or simply pledging to make more sustainable choices, every action matters. Because protecting the ocean is not just the responsibility of coastal communities, it belongs to each and every one of us.

- Please register via <https://edition.cnn.com/world/join-us-for-call-to-earth-day-on-october-8-2026-spc>. Thank you for being part of this global movement to protect our ocean.
